
CURRICULUM VITAE

PERSONAL INFORMATION:

Name in Full: Dorria Saleh El Sayed Salem

Campus Address: Department of Radiology
Cairo University, Kasr El Einy
Cairo, Egypt

Home Address: 125, Sameh Gado St. 6th touristic
village, 6th October City
Egypt
Phone: (202)38250751
Cellular: (2012)215-4306

Email Address: dorriasalem@yahoo.com

Marital Status: Married
Children: Hatem D.O.B. (13/9/1980)
Adham D.O.B. (19/8/1984)

Date of Birth: 7/September/1953

Place of Birth: Sharkeya, Egypt

Citizenship: Egyptian

Languages: Arabic, English

Qualification:

November 1987: MD of Radiology
Cairo University

May 1982: M.Sc. Degree of Radiology
(Signed up excellent)
Cairo University

Dec 1977: M.B.B.Ch Degree
(Very good with the degree of honor)
Cairo University

WORK EXPERIENCE & ACADEMIC APPOINTMENTS**2006- Current**

- Professor of radiology, Cairo university
- Radiology Advisor to the Minister of Health
- General Manager of the Women's Health Outreach Programme (National Screening Program of Early Breast Cancer Detection)
- Head of Egyptian foundation for breast cancer elimination
- Manager of the Egyptian –Swiss Radiology Rehabilitation Project

2005- Current

- Secretary General of the Egyptian Society of Women's Imaging & Health care

2003- Current

- Founder of Women's Imaging Unit, Department of Radiology, Faculty of Medicine, Cairo University
- Head of Women's Imaging Unit, Cairo Radiology Center (Cairo Scan)

1998-Current

- Professor, Department of Radiology Faculty of Medicine, Cairo University
- Senior Consultant, Cairo Radiology Center (Cairo Scan)

1993-1998

- Assistant Professor, Department of Radiology Faculty of Medicine, Cairo University

1988-1993:

- Lecturer, Department of Radiology Faculty of Medicine, Cairo University
- Consultant, Cairo radiology Center (Cairo Scan)

1982-1988:

- Assistant Lecturer, Department of Radiology Faculty of Medicine, Cairo University
- Ass. Consultant, Cairo radiology Center (Cairo Scan)

1981-1982:

- Clinical demonstrator, Department of Radiology Faculty of Medicine, Cairo University

CONSULTING POSITIONS/REVIEWER:

- Conventional Radiology
- Mammography
- CT & MRI
- DXA

BIBLIOGRAPHY:**Publications:**

1. NCCN guidelines in NCCN supplement July 2010
2. Classification of Inflammatory Breast Disorders and Step by Step Diagnosis .The Breast Journal, 2008.
3. The Egyptian National Breast Screening Program: Priorities, challenges, and results of the pilot phase. J Clin Oncol 27:15s, 2009 (suppl; abstr 1523)
4. Women Health Outreach Program; a new experience to all Egyptian women. Journal of the Egyptian Nat. Cancer Inst., Vol. 20, No. 4, December: 313-322, 2008.
5. Evaluation of indications and results of DXA and how far can forearm DXA be used as a prescreening technique, 2001.
6. Evaluation of osteoporosis among males and females in clinical practice using bone densitometry, 2000.
7. Risk factors of osteoporosis in the Egyptian female, 2000.
8. The evaluation of osteoporosis in clinical practice by DXA, 2000.
9. Vascularity of solid renal masses. Role of pulsed and colored Doppler, 1997.
10. CT and MRI in the evaluation of ventriculo-subgleal technique, 1997.
11. Granulomatous CNS infections: CT and MRI findings, 1996.
12. MRI evaluation of the extradural spinal neoplasm, 1995.
13. Myelography, CT myelography and MRI of spinal cord lesions: Modality evaluation and comparative study, 1995.
14. Spinal subdural extramedullary masses: myelography, CT myelography and MRI diagnosis, 1995.
15. Radiological assessment and histopathologic confirmation of

- osteolytic lesions of the mandible, 1995.
16. The diagnosis of lesions involving the parapharyngeal space by CT, 1994.
 17. Radiological assessment of parotid swelling by CT and sialography, 1994.
 18. Age related changes in human renal parenchymal thickness of Egyptians, 1994.
 19. Validity of CT and histopathology for the diagnosis of major salivary gland tumors, 1993.
 20. Patterns of popliteal artery branching, 1993.
 21. CT assessment of orbital involvement by paranasal sinuses lesions, 1992.
 22. Malignant mesothelioma: epidemiology-diagnosis and treatment results of 46 cases, 1992
 23. A study of calcification of the thyroid cartilage in relation to age, 1992.
 24. Accuracy of CT In detecting the nature of solid focal defects of the liver, 1991.
 25. MRI in gynaecological diagnosis, 1991.
 26. Diagnosis and evaluation of syringomyelia by MR, 1991.
 27. Assessment of the cystic brain lesion by CT, 1991.
 28. Ultrasonographic evaluation of the rotator cuff and biceps tendon preliminary report, 1991.
 29. The value of CT in diffuse mediastinal widening, 1990.
 30. CT of tuberculosis of the spine, 1990.
 31. Evaluation of CT water soluble myelography in the diagnosis of tethered cord syndrome, 1988.
 32. Determination of splenorenal shunts replacement by dynamic computed tomography, 1987.

Book Chapters:

1. M.R. Elmeligy, **D.Salem**. History of Neuro-radiology in Egypt. A History of Neuroradiology Textbook (1895-2002), Emmanuel A.Cabanis, Marie-Therese Iba-Zizen, edu, pp. 243-248, 2002.

Presentations

1. Does 3D breast tomosynthesis increase diagnostic accuracy of digital mammography? ; Oral Presentation, European congress of radiology annual meeting, March 2012
2. What Has 3D/4D Ultrasound Added in Evaluation of Fetal Anomalies? Oral Presentation, Radiological Society of North America Annual Meeting (RSNA) November 2010
3. Ultrasound Elastography of Breast Masses; Necessity or Luxury? Oral Presentation, RSNA , November 2008
4. How to Report MRI of the Educational Exhibit, RSNA ,November 2007
5. Preoperative Evaluation of Cancer Breast; The MR Mammography Statement Educational Exhibit, RSNA November 2007
6. Decision between BIRADS 3 or 4; An Atlas of Atypical Breast Masses Educational Exhibit, RSNA November 2007
7. Multimodality Imaging of the Postoperative and Radiated Breast: The Ten Messages You Must Not Forget Educational Exhibit, RSNA November 2007
8. Spectrum of Normal and Abnormal Axillary Lymph Nodes on MR Mammography Educational Exhibit, RSNA November 2007
9. Application of the ACR's MR Mammography BI-RADS Lexicon; Test your skills (Educational Exhibit; selected for possible publication in Radiographic) RSNA November 2006
10. Three Dimensional US atlas of Normal & abnormal Fetal anatomy, Educational Exhibit, RSNA November 2006

Lectures Given in Team-Taught Courses:

1. Member of the team of "Continuous Teaching and Education" in Cairo University and Cairo Radiology Center.
2. Responsible for the teaching under and post graduates in faculty of medicine, Cairo University.
3. Organizing teaching programs for the Ministry of Health Hospital.
4. Member of the team of Continuous Teaching & Education in NTI (National Training Institute)

RECENT PARTICIPATIONS IN EDUCATIONAL MEETINGS:**Meeting2009:**

- ECR, Vienna, Austria, March 2009
Poster Presentation

Meeting2009:

- ASCO, Orlando, Florida, May 2009
Poster Presentation

Meeting 2008:

- RSNA 94th scientific assembly and annual meeting, November 2008

Meetings 2008:

- ECR, Vienna, Austria, March 2008

Meetings 2007:

- RSNA 93rd scientific assembly and annual meeting, November 2007
- Congress of Arab Medical Association Against Cancer, Amman, Jordan, June 2007

Meetings 2006:

- 2nd Annual Meeting Egyptian Society of Women's Imaging & Health Care, December 2006
- RSNA 92nd scientific assembly and annual meeting, Chicago, November, 2006
- ESR, Vienna, Austria, March,2006

Meetings 2005:

- ESR, Vienna, Austria, 2005
- 1st Annual Meeting Egyptian Society of Women's Imaging & Health Care, **Oral presentation** (mammography & MRI breast Film reading session), October, 2005
- 5th Egyptian Congress of Osteoporosis & Arthritis, Cairo, Egypt, October 2005

Meetings 2004:

- RSNA 90th scientific assembly and annual meeting, Chicago, Nov 2004
- 4th International Congress of Egyptian Osteoporosis Prevention Society, Cairo, Egypt, April 2004
- Breast Cancer Awareness Workshop, April 2004
- Mammography Workshop; 2nd Pan Arab Congress of Radiological Imaging & Ultrasonography, Egypt 2004, **Oral presentation** (mammography Film reading session)

Meetings 2003:

- Second international Conference of Mediterranean Society for Osteoporosis & other skeletal Diseases, Beirut, Lebanon, October 2003.
- Pan African Congress of Radiology & Imaging, Nairobi, Kenya, August 2003
- 7th International Conference on Oncology: Breast Cancer Current Status& Future Prospects, Egypt, April, 2003
- 3rd Annual International Congress of Egyptian Society of Back Pain, Egypt, 2003, **Oral presentation**, April 2003

Meetings 2002:

- 3rd Annual International Congress of Egyptian Society of Back Pain, Egypt, 2002, **Oral presentation**, April 2002
- ESR, Vienna, Austria, March, 2002,
- Lisbon Congress on Osteoporosis, 2002

Meetings 2001:

- 1st international Congress on back pain, April 2001.
Oral presentation (Radiological diagnosis of low back pain)
- Egyptian International Conference on Osteoporosis, March 2001.
Oral presentation (Evaluation of indications and results of DXA and how far can forearm DXA be used as a prescreening technique)

Meetings 2000:

- 1st Pan Arab osteoporosis conference, Beirut, Lebanon, Oct 2000
Oral presentation (Risk factors of osteoporosis in the Egyptian female)
- 7th Bath congress on osteoporosis, Bath, Scotland, April 2000.
- Alexandria 1st International radiology congress, April 2000.
Oral presentation (Risk factors of osteoporosis in the Egyptian females)
- 1st Egyptian International conference of osteoporosis, March 2000.
Oral presentation (DXA evaluation of osteoporosis)
- International Congress on U/S and radiology, Feb 2000.
Oral presentation (The evaluation of osteoporosis in clinical practice by DXA)

Meetings 1999:

- RSNA 85th scientific assembly and annual meeting, November, 1999.

Meetings 1998:

- 6th Bath congress on osteoporosis, Bath, Scotland, June, 1998.

Meetings 1997:

- 3rd annual conference of the general organization for teaching hospital and institutes, October, 1997.

Oral presentation (Acute abdomen: Role of diagnostic imaging)

Meetings 1996:

- Lecturing in the Egyptian medical association, April 1996.

Oral presentation (Applications and diagnostic value of MR in CNS diseases)

- 4th annual international congress of the Egyptian society of hepatology, May 1996.

Oral presentation (MR imaging of hepatic focal lesions).

Meetings 1995:

- 6th congress of the Arab union of neurological diseases, March, 1995. **Oral presentation** (CT evaluation of cerebrovascular stroke)
- The annual meeting of the Egyptian society of cardio-thoracic surgery, January, 1995. **Oral presentation** (High resolution CT scan in pulmonary parenchymal lesions)

Meetings 1994:

- RSNA 80th scientific assembly and annual meeting, November, 1994.
- MRI Ortho work shop and review, November, 1994
